## Caution

Every effort has been made to ensure the accuracy of this supplement. However, it contains selected information and thus is not definitive and does not include all known information on the subject in hand.

The author and Imray Laurie Norie & Wilson Ltd believe this supplement to be a useful aid to prudent navigation, but the safety of a vessel depends ultimately on the judgement of the navigator, who should assess all information, published or unpublished, available to him/her.

This supplement contains amendments and corrections sent in by a number of cruising yachtsmen and women, in addition to those culled from official sources such as *Notices to Mariners*.

Page references are made to *Greek Waters Pilot* 10th edition.

The last input of technical information was March 2008.

## Page 69 Preveza

### Cleopatra Marina

100 berth marina now open, with all facilities to follow. Also new 300-ton travel-lift and a hydraulic trailer.

VHF Ch 67
